ORCID – Jedinstveni identifikator istraživača

Beograd, 27.4.2017.

[CC Attribution-NonCommercial-ShareAlike License](#)

Problem

Istraživačka zajednica ima problem kako da poveća istraživača sa njegovim radom: obrazovanje, zaposlenje, projekti, publikacije...

Potrebe istraživača su:

- ✓ **da se njihov rad lako pronalazi** i **da rad bude povezan sa njihovim imenom** tokom cele karijer,
- ✓ **da skrate vreme** koje provode popunjavajući uvek iste podatke, i
- ✓ **da otklone sve nejasnoće oko svog imena**, da se razlikuju od ostalih istraživača.

Kako ORCID pomaže?

ORCID za svakog istraživača generiše jedinstven i stalni lični identifikator koji je povezan samo njim i njegovim radom tokom cele njegove karijere.

ORCID je otvorena i neprofitna organizacija koja se bavi razvojem infrastrukture istraživačkih podataka zasnovanu na identifikatoru istraživača.

ORCID – Open Researcher and Contributor ID – je alfanumerički kod koji se sastoji od 16 brojni i http adresom ispred njih.

U ovom trenutku ima preko 3 miliona aktivnih ORCID brojeva
